

Henry Hudson Tours: A Huge Hit

Here comes Henry Hudson at the helm as the Albany Aqua Ducks & Trolleys celebrate Albany's 400th Anniversary of its discovery by the great explorer. These special tours are narrated by a Henry Hudson re-enactor in period costume. It's a first-person narration, as Henry describes *HIS* Albany.

To quote Henry, after the Duck splashes into the Hudson River: "After the English took over this area from the Dutch, they named the river after me, God bless them!"

So, throughout 2009, expect to see Henry on many tours during Albany's Quadricentennial celebration.

Check out the schedule and book online at www.albanyaquaducks.com or by calling 518-462-3825. Our Henry Hudson guides also are available for school and civic events. Just give us a call.
